THE BOARD OF INQUIRY
TURITEA WIND FARM PROPOSAL.

1.3.2011

My comment :-
Makomako Road Private Viewpoint
perspective.

The report gives a full appraisal of
"789" and a brief consideration of "933"

The Board's recommendation of MRP
compensation to the Percy family is
welcome.

HOWEVER :- There are 20 dwellings that have
the same or closer proximity to
TURITEA than the Percy house "789"

These dwellings are on Makomako Road
Elsing Road
Ingles Road
Omata Road.

You would run down beneath the shades
of difference between these dwellings and
the Percy residence.

The visual and noise impact that
TURITEA will have on these dwellings
creates a very disadvantaged group.

I trust you will ask MRP to
care for all these people in a similar
manner to the Percy family

Yours sincerely John Wheeler
