

A TISSUE OF LIES AND A FRAUDULENT TURITEA WIND FARM “CONSENT”

Kenderdine mandatorily and permanently ceased being a judge on **6 August 2010**. She had previously twice had her judicial warrant extended for a two year period by the Governor General. Only under these circumstances could she be recalled as a “retired” judge and use this appellation until the end of her second and final two year appointment. After this time she became a “former” judge as noted on the 20 August 2010 by the Attorney General Christopher Finlayson in his appointment of her as chair of the Historic Places Trust.

From 6 August 2010 she was an ordinary member of the public with no judicial authority whatsoever.

To call herself a Retired Judge or an Environment Judge chairing a Board of Inquiry is a lie.
This fraud is widely known in Government and Ministry circles.

Note the dates in the following memoranda.

[4] We have therefore concluded that while good progress has been made, the report will be released in January 2011 following the conclusion of the legal statutory holidays. Precise details on the release date will be made closer to the time.

DATED at Wellington this 21st day of October 2010

S E Kenderdine
Retired Environment Judge

Chair
Turitea Board of Inquiry

Here Kenderdine dispenses with the corrupt title of “Retired Environment Judge,” as it’s giving the game away to anyone in the public astute enough to notice, and opts for the corrupt title “Environment Judge” in the Draft Report.

due on 12 May 2011 (our emphasis). In addition MRP are hereby required also to circulate to all submitters the amended review conditions identified in paragraph (4) of the draft report (Chapter 20) within 50 working days and for submitters to have ten working days in which to respond to these directly to the Board, in addition to any other comments they wish to make on the draft report.

DATED at Wellington this 17th day of February 2011

S E Kenderdine
Environment Judge

Chair
Turitea Board of Inquiry

In the Memorandum to submitters re the Draft Decision Kenderdine slips up and reverts to "Retired." Major issues raised by opposing submitters were completely ignored.

Responses on these issues also to be received by 20 June 2011.

We look forward to receiving your further comments.

DATED at Wellington this 30th May 2011

S E Kenderdine

Retired Environment Judge

Chair

Turitea Board of Inquiry

In the "Final Decision" "Environment Judge" has a more authoritative ring about it and is used again for good measure, as indeed it continues to be so used - fraudulently - on the MFE website, despite Kenderdine not having been a Judge with the authority to make a legal determination for a full year and one month.
